

## **Lee Stevens – Bio**

I hold a BS in Mathematics and Psychology from Drexel University. After college I taught high school math and computer science before moving to private industry in Healthcare Information Systems. After 17 years, I retired as VP, Software Installation.

In 2001, I focused on my passion, the sport of lacrosse.

In 2005 I became the Tournament Manager for the NCAA Men's Lacrosse Championships when they are held in Philadelphia and I have managed the championships in 2005, 06, 13, 15, 16, 19, 20, 23 and 2024. I served on the board of directors of U.S. Lacrosse, the national governing body for men's and women's lacrosse for 10 years. I served as the board chair from 2012-2014.

I have been married to my wife Debbie for 45 years. We purchased our home in Sea Pines in 2013 and became full time residents in 2016.

---

## **Why I Wish to Serve the Sea Pines Community**

My wife Debbie and I came to HHI in 1984 and have consistently vacationed here until we purchased our first home here, in Sea Pines, in 2013.

When we decided to buy, we quickly narrowed our search to Sea Pines. The mix of Residential options, including single homes, villas and town homes, the Resort and commercial offerings all within the gates of Sea Pines could not be matched. It is the perfect mixed use community.

I have always been involved in my community and to help make it better for all. I have served on various CSA committees, the Sea Pines POA board and the Sea Pines ARB as well as a volunteer at the RBC Heritage Classic

Sea Pines is the premier community on HHI and I wish to serve to help it remain the best place to live. I feel I can make significant contributions to Sea Pines.
